

# Your Boy?

Will he be idles for the summer? It's bad for him. He'll never fully recover from summer spent in absolute idleness about town.

Did he round out his school year well? Does he need some summer coaching?

We can care for him and give him a good summer of school work.

We want to correspond with you. WRITE NOW.

## CONVENTION WEEK BECOMES HISTORY

(Continued from Page One)

Employment—M. Beauchamp, of Beaumont.  
Grand Chaplain—W. G. Venerable, Sherman.

### Fair Officers Talk.

During a short recess taken by the Council Members, H. A. Nobles, Vice-president and general manager of the Panhandle State Fair, and S. F. McGregor Secy. of that Assoc addressed the delegation in behalf of the coming fair, enlisting their good will and moral support of this great Panhandle enterprise. They were assured the hearty endorsement of all the Travellers with the promise that in their rounds over the state they could be ever ready to speak a good word for this annual exhibition.

### Begun Elect Officers.

At the initiation exercises of the Order of Bagdad Friday night eleven new candidates were duly taken into the order. C. P. Grider of Corsicana, the installing officer, expressed himself far highly pleased with results in Amarillo, remarking that the attendance as well as adding new members here was the largest in the history of the auxiliary organization.

The following officers of the Bagdad were elected and installed:

Governor, J. H. Speed; Lieut. Governor, H. G. Jones; Chief Justice, J. L. Sterling; Secy. of State, E. Bruceck; Adjutant General, J. N. Riggs; Capt. of Rangers, F. Villareal; Atty. General, W. C. Shahan; Sheriff, P. T. Grider; Marshall, H. V. Weise; Clerk of Records and Revenue, W. P. Gibbs.

### Saturday Afternoon Program.

Owing to a stiff breeze the air ship performance at Glenwood park was omitted from the afternoon program of entertainment. The delegates witnessed a game of base ball at the park between two local organizations.

### Mayor Entertains Grand Officers.

As the head of the Amarillo city government Mayor Beasley entertained the Grand Officers of the Council, and representatives of the local council, at a banquet served at the Harvey House Friday night.

His Honor truly "did the honors" for all of Amarillo in princely style, and told his guests of the accomplishments of our municipality in recent time, and of the elaborate plans in hand for the future advancement of our city toward the end of a real metropolitan and up-to-date community.

Practically all of the guests responded with brief talks in which one and all expressed their enthusiasm over Amarillo, the Panhandle and Panhandle climate. They had never attended a Council convention where they had so much genuine enjoyment and real satisfying benefit as they have derived from the Amarillo convention, they said.

### Bid Them Farewell.

Local Council members and citizens escorted the delegates to the Denver depot Saturday evening. The train being late an impromptu lunch was served in the Waples-Pfaff Wholesale house. When the delegates finally entrained and the last man swung aboard, three cheers were given them in farewell. Even the fire engines, which Chief Jones had lined up with the escort, sounded the siren song of the fire alarm in farewell to the departing Travellers.

Local Grand Officer Speaks

J. N. Riggs, of the Local Council U. C. T., speaking in reference to the meeting of the Grand Council of that body, said Saturday:

Every member of Amarillo Council of U. C. T. feels a debt of gratitude toward the citizenship of Amarillo for their loyalty in entertaining the Grand Council the past three days. Speaking as a member of the local organization and an recently elected member of the family of Grand officers, I am especially pleased with the way it was taken care of, the pleasant manner the citizenship met and greeted the visitors. I personally am grateful, for my honors came to me as a deserved compliment to Amarillo.

For much cannot be said complimentary to the number of citizens, Fraternal orders and local Councilors who so willingly did all that could be done for our visitors.

Much good will result from this trip to Amarillo. Many parts of Texas do not realize what Amarillo has grown to be. Mr. H. L. McCutchan, Grand Counsellor, said he came to Amarillo with some misgiving, but was leaving with the knowledge that we had a fine little city, thoroughly capable of entertaining a visiting body much larger than was ours.

### SCHOOL CHILDREN ENJOY OUTING AT CLIFFSIDE.

The pupils of the lower fourth grade of the Johnson Street school's live lunch of merrymakers, sought the attractions of Cliffside early Saturday morning and after indulging those attractions to the fullest and exhausting the contents of the tub lunch baskets, reported back to their various homes before sunset.

They were accompanied by several mothers and by their teacher, Mrs. S. E. Gifford.

Amarillo Council No. 225, United Commercial Travellers of America, desire to express their thanks to the Chamber of Commerce, Elks Club, Woodmen of the World, Amarillo Hotel, Amarillo Newpaper, U. C. T. Ladies Auxiliary, and all citizens of Amarillo for their work, liberal contributions and assistance in helping us entertain the Texas Grand Council of the U. C. T. the past week.

Very Respectfully Yours,  
Amarillo Council No. 225 U. C. T.  
FRANK M. CARTER,  
Secretary,  
WALTER R. ALLEN,  
Senior Counsellor

## SATURDAY "TAG DAY" FOR PARK PLAY GROUNDS

Women's Federation Take Steps to Prepare Funds for Equipment of Park Amusement Place

The Park and Juvenile Committees of the Women's Federation held a joint meeting Saturday afternoon in the City Hall and plans for a tag day to raise funds for the equipping of a children's playground in the City Park were completed.

The city has begun improving the park and already the showing of beauty is very noticeable. The trees are growing, the flowers have a good start, and with the abundance of water the park now has since the windmill has been rebuilt, there is no reason why the city of Amarillo should not boast of a beautiful park this summer. A keeper has been appointed by the city and is giving the park constant care, and some of the lawns yards surrounding the homes in Amarillo have proved that with plenty of water beauty spots may be had in Amarillo as well as elsewhere.

The children of Amarillo should receive as much attention at the hands of the citizens as any other city is giving them, and the playground which the city officials and the Women's Federation desire is only carrying out plans which have proved so successful and beneficial in other cities.

The estimates have been received on constructing such a playground and it will take practically a thousand dollars to carry out the plans which those who are interested in the project have drawn up. This will consist of swings, bars, trapeze, and many other features of amusement built out of solid steel, and will last for years.

Every member of the Federation is requested to consider herself a committee to assist in this work. The setting of a tag day was done to reach those whom it would be impossible to reach by subscription, and it is the desire of the Federation that every citizen of Amarillo come to his work next Saturday morning with a liberal donation all ready to give to the first lady who goes with tag. To every Amarillo booster will wear a "children's playground" tag.

### CITY MANAGER HARDIN

### AFTER DELINQUENT TAX

Mailing Notices to All Whose Names Appear On Delinquent List for \$20,000.

City Manager Matt Hardin is busily engaged in mailing notification notices to owners of property on which city taxes are unpaid. Mr. Hardin has compiled a complete list of all such delinquent property, and finds that taxes are due the city thereon in the sum of twenty thousand and dollars.

Mr. Hardin states that this amount is just about equal to that of the shortage in the current running expense account. He says that the collection of these delinquent taxes will be forced, and if the master form of calling property owners' attention to the debt will not have the desired result, he will publish the delinquent list, as required by law, and then proceed with the collection by suit.

Those who heed his invitations and pay now thereby save themselves the extra cost. But all will have to pay, says the Manager.

**Depositors Must Prove Up.**  
Special Agent, J. O. Roots, of The First State Bank, says there are quite a number of depositors of that bank who have not as yet proven their claims, and he requests that we call the attention of all such depositors that their claims must be filed with him before May 18th, in order to participate in the guaranty fund.

Owners of claims not proven by the above date will become general creditors and share pro rata only in the assets of the bank, and will not be paid by the guaranty fund.

Mr. Roots expects arrival of funds with which to commence payments of secured deposits early this week.

### ATTENDING CONVENTIONS.

Dr. L. Bass, city health physician, departed Saturday evening for Houston, where he will attend the meeting of the Texas Medical Association, and that of the county health officers, both of which take place in that city this week.
